14 January 2026

This weekly update is sent to members of the St Lucia Bowling Club. To contribute Club news or general bowls items of interest to Club members, please email them to the Editor, Pamela Miller – [pamela.miller1@bigpond.com](mailto:pamela.miller1@bigpond.com)

## SUMMARY OF BRISBANE CITY COUNCIL GRANTS - 2025

We associate the Brisbane City Council (BCC) with being our Club's landlord. However, they have also been of great assistance with grants we received during the past year.

Members would have noticed the new electric (battery operated) greens roller - an invaluable piece of equipment to maintain our good greens. The major portion of the funding for this roller was obtained from a grant received from the Brisbane City Council under the program of "Lord Mayor's Better Suburbs - Communities Support".

St Lucia Bowling Club recently replaced the security system in the bar area of the clubhouse. As the old alarm system was not functioning, the new system (wholly funded by the BCC's "Lord Mayor's Safer Suburbs Grant") provides greater security in this area of the club.

The BCC is currently considering SLBC's application to install LED lighting to one green. The application, submitted in October, is still outstanding with an update expected in the first quarter of 2026.

In addition to the above grants, there was an amount received from the BCC under funding titled "Seniors Celebration 2025-2026". This contributed towards our Club's Christmas Presentation function held in December.

Through the process of grant seeking, the Brisbane City Council has been very supportive in both assistance given in the application stage and the allocation of grants towards St Lucia Bowling Club.
